CLAIMS 1-24 ARE PENDING

1. The following is an examiner's statement of reasons for allowance:

A number of options for management of software development versions using a database with plural directories were well known in the art at the time of the invention. [See Allen et al (Allen), US 5,675,802, BACKGROUND]. Allen in particular allows a local data repository of versions to be modified concurrently [COL 3 lines 1-8], but individual versions can only be modified by a single user at a time [COL 3 lines 49-64] in order to control conflicts. The particular limitation in the context of the claims that two or more clients can receive a particular version for updating is neither anticipated nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Wayne Amsbury whose telephone number is 571-272-4015. The examiner can normally be reached on M-F 6-18:30 FIRST WEEK.
